The Municipal President states that the cost of fodder and the price of cattle are considerably increased and securing carts for the removal of town rubbish at the low rate of Rs. 75/- has become a difficult problem In view of the above circumstance the Municipal Council have resolved at their meeting held on 27-6-1946 that the four carts now maintained may be paid at Rs. 120/- per mensem each upto end of December 1946

A sum of Rs 3600/- only has been provided in the budget estimate for 1946-47 under E2. B Hire of carts and an additional sum of Rs 1080/- will be required to pay the hire at the proposed rate of Rs 120/- for 6 months i e from July to December 1946 and the same will be met out of the closing balance of the Municipality

Subject:- Re. Enhancement of rate of cart hire for the Conservancy Carts in Tiptur Town Municipality from Rs 75/- to Rs 120/- per each cart per mensem.

With reference to your office letter No A6.C.209/46 dated 31st July 1946 on the above subject, I am directed to enquire what the rates per cart employed for similar purposes in other Municipalities in the Tumkur District were during the years 1944-45 and 1945-46; and whether the cart owners have demanded that rate in the case of the Tiptur Town Municipality

The proposed rate of Rs. 120/- per mensem per cart appears to be too high and does not prevail even in the Malnad Municipalities where it is difficult to secure bullocks etc. It is necessary that the rate of hire demanded should have some relationship to the maintenance cost of the bullocks etc , and should not be in excess of reasonable rates.
